# Bush Clock Vine

## *Thunbergia erecta*

- ❖ **Distribution:**
  - **Native to West Africa**
  - **Cultivated in India**
- ❖ **Family: Acanthaceae**
- ❖ **Height: 4ft**
- ❖ **Perennial**
- ❖ **Leaf shape: Ovate Elliptic**
- ❖ **Ornamental**

**An upright shrub with dark green leaves and an abundant display of trumpet shaped purple flowers with yellow throats**

**The vine gets its name from the fact that it always curls itself clockwise around a support**

# Other species of Thunbergia

**Thunbergia grandiflora**

# Different species of Thunbergia
